California's population total						36,147,000

Sources: CHBRP, 2006 Analysis of 2005 California Health Interview Survey (CHIS), 2006 California Health Care Foundation/The Center for Studying Health System Change (CHCF/HSC) California Employer Health Benefits Survey, 2006 CHBRP Carrier Enrollment Survey, 2006 CalPERS Enrollment Data

Key: HDHP= High Deductible Health Plan (deductible \$1050 and over). AIM= Aid for Infants and Mothers. CalPERS= California Public Employees' Retirement System. Medi-Cal COHS= Medi-Cal County Organized Health System. MRMIP= Major Risk Medical Insurance Program.

- ¹ Knox-Keene Plans include HMO, POS and certain PPO health plans subject to the Knox-Keene Act requirements which are regulated by the Department of Managed Health Care.
- ² Insurance Policies include PPOs and FFS health insurance products subject to the California Insurance Code which are regulated by the California Department of Insurance
- ³ Healthy Families 18-64-year-old category only includes those who are aged 18 years and less because those over 18 are not eligible.
