ASSEMBLY BILL

No. 2668

Introduced by Assembly Member Berman

February 14, 2024

An act to add Section 1367.651 to the Health and Safety Code, to add Section 10123.811 to the Insurance Code, and to add Section 14132.65 to the Welfare and Institutions Code, relating to health care coverage.

LEGISLATIVE COUNSEL’S DIGEST

AB 2668, as introduced, Berman. Coverage for cranial prostheses.
Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law also provides for the regulation of health insurers by the Department of Insurance. Existing law requires health care service plans and health insurers to provide coverage for prosthetic devices in connection with specified health conditions and procedures. This bill would require a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2025, to cover cranial prostheses, as defined, for individuals experiencing permanent or temporary medical hair loss. The bill would require a licensed provider to prescribe the cranial prosthesis for an individual’s course of treatment for a diagnosed health condition, chronic illness, or injury, as specified. The bill would limit coverage to once every 12 months and $750 for each instance of coverage. The bill would not apply these provisions to a specialized health care service plan or specialized health insurance policy. Because a violation of these
requirements by a health care service plan would be a crime, the bill would impose a state-mandated local program.

Existing law also establishes the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions.

Commencing January 1, 2025, this bill would require coverage for cranial prostheses for individuals experiencing permanent or temporary medical hair loss, or treatment for those conditions as a Medi-Cal benefit, subject to the same requirements with respect to provider prescription, coverage frequency, and amount. The bill would not apply these provisions to a specialized health care service plan.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 1367.651 is added to the Health and Safety Code, to read:

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
