LEGISLATIVE COUNSEL'S DIGEST

SB 1157, as introduced, Romero. Health insurance: intoxication.

Existing law generally authorizes insurers to include certain provisions in their health insurance policies. Under existing law, a health insurance policy may contain a provision indicating that the insurer is not liable for any loss caused by the insured being intoxicated or under the influence of any controlled substance unless administered on the advice of a physician.

This bill would repeal the provision of law allowing a health insurance policy to contain the above policy provision.
